Respected Maam,

I am pleased to submit the final update for my project, the **Agile Placement & Internship Portal**. I have successfully completed all the a
and ready for your review.

The portal is designed with a role-based access system to streamline the campus recruitment process:

- **Student Module:** Features a personalized dashboard, professional profile management with profile picture upload, academic t
- **Company Module:** Includes a secure registration/login flow, a recruitment request system to seek TPO approval, and a compr
- **TPO (Staff) Module:** A centralized command center for placement officers to verify company requests, manage live recruitmen
  analytics.

I have also implemented the **Inter-Module Connection Logic**, ensuring that a company can only access recruitment features once the T
